SIR:

RESPONSE TO NOTICE TO FILE MISSING PARTS

On May 4, 1998 a Notice to File Missing Parts was sent to applicant. The Notice specified that the signature to the Declaration is by a person other than the inventor. Applicant's attorney called the Initial Patent Examination Division four times with no success. It seems that the PTO employees were unable to get a hold of the case and find out what the problem is. On the fifth call, the case was finally found by a Ms. Dillon, and applicant's attorney was informed that the problem was not that the Declaration was signed by other than the inventor, but that the Declaration was not signed at all.

The courtesy extended by Ms Dillon is much appreciated.

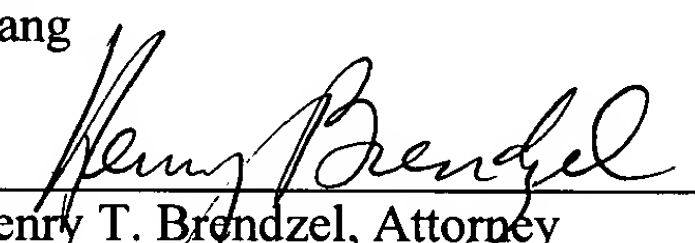

Actually, a signed Declaration and Power of Attorney were sent to the PTO on April 9, 1998 and were received by the PTO on April 13, 1998 (the latter is known through a stamp of the PTO on a postcard that was returned to applicant's attorney). Applicant's attorney informed Ms Dillon of this fact, and she said that she would "check it out and get back" to me. It has been more than a week, and she has not.

By this communication a copy of the Declaration and Power of Attorney is forwarded, together with a photocopy of the aforementioned postcard and form PTO-1533.

If there is anything else that must be done in order to comply with the PTO's needs, it is respectfully requested that undersigned be notified by phone, fax, e-mail, or conventional mail.

Respectfully,
Z. Wang
